How do you want the Efeng Bacha Initiative to assist your entrepreneurship journey?

I would like the efeng bacha initiative to help my entrepreneurial journey by grooming me to become a great leader and bring change in my community. I'd also like to be assisted with funding and also connect me with potential sponsors.

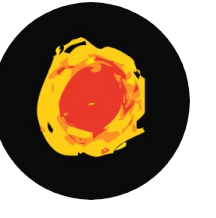

How do you #ServeLikeMadiba?

I am the founder of LethaboTheJoy-Enriching, which is a non-profit organization that is centered around community and youth upliftment and development. One of our fundamental objectives is to go beyond our limits to bring social change and uplifting numerous communities inside South Africa, as well as to help and improve the lives of the less privileged children and youth. This is how I #ServeLikeMadiba.

As a #legacyleader, what is your advice to the children and youth of our nation?

Children and the youth are the salt of the earth and the future of tomorrow. They need to be happy, have fun, be kind to their bodies and enjoy their youth days. Youth need to know that they're in charge of their own lives, therefore they should walk their journey in right paths. By doing so, they won't forget the right paths they walked through even when they are old.

What is the legacy you hope to leave one day?

I want to leave a sustainable community based non-profit organisation (LethaboTheJoy-Enriching) that will be supported nation wide in providing essential needs to the needy individuals and a necessary educational support to help them succeed in school and becoming better individuals.
