What are you studying?

Dip in Transportation Management

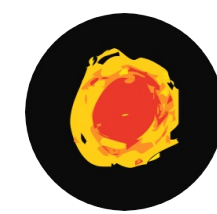

Where are you studying?

University of Johannesburg

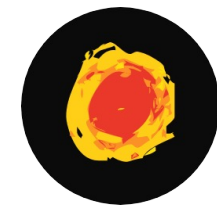

How do you want the Efeng Bacha Initiative to assist your entrepreneurship journey?

I am currently not an entrepreneur and I would like Efeng Bacha Initiative to assist me with business ideas.

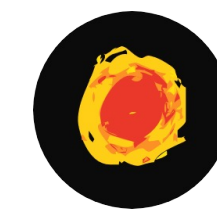

How do you #ServeLikeMadiba?

I empower children and youth by reminding them the importance of education. I pave the way for prospective learners into knowledgeable students by applying for them into higher learning institutions and bursaries. I also guide learners in senior phase on how to choose FET subjects in secondary schools.

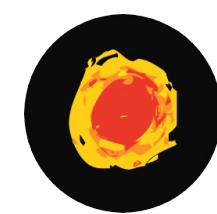

As a #legacyleader, what is your advice to the children and youth of our nation?

The children and youth of our nation must know that they are the roots of the country. I would advise them to believe in themselves, fight for their rights using responsibilities, stay positive and take actions towards bettering our nation.

What is the legacy you hope to leave one day?

I want to leave the legacy that encompasses education, sports and unity of our children and youth. I will fight for the voiceless children and youth against abuse, gender based-violence, gender inequality, rape, discrimination, and racism.

What is your favourite Nelson Mandela quote?

It always seems impossible until it's done.
