

Efeng Bacha 2021 - 2022

# Thokozani Ncube

**What are you studying?**

Public management and governance

**Where are you studying?**

University of Johannesburg

**How do you want the Efeng Bacha Initiative to assist your entrepreneurship journey?**

I need to learn more on financial discipline and the principles of success- how to feed my focus.

**How do you #ServeLikeMadiba?**

I have a passion of seeing change around me. I always go the extra mile to see another person's life take a better turn, doing this in whichever way possible. I do not turn a blind eye to the shortcomings and struggles of the next individual. I help people in the Johannesburg CBD area with meals whenever I can, furthermore, I assist aspiring students with information pertaining university admissions, requirements, as well as available bursaries and application processes thereof.

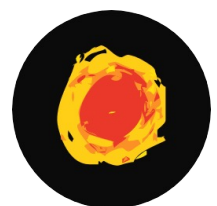

**As a #legacyleader, what is your advice to the children and youth of our nation?**

Strive to know your purpose. When you know your purpose or even have the slightest idea of what it is, your life gets to have a sense of direction. Your choices and decisions all become "intentional", because you know what and how your story is supposed to be.

**What is the legacy you hope to leave one day?**

I would love to leave an education trust fund. I believe that education has the power to change situations around and would therefore want other people to get the opportunity to access quality education and be able to change their lives for the better.

**What is your favourite Nelson Mandela quote?**

"I never lose, I either win or learn"
