

Efeng Bacha 2021 - 2022

## LANGUTA JOEL CHAUKE

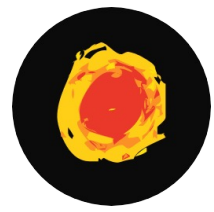

**What are you studying?**

Batchelor of Science, Majoring in Botany and Biochemistry

**Where are you studying?**

University of Johannesburg

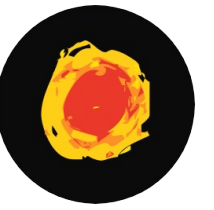

**How do you want the Efeng Bacha Initiative to assist your entrepreneurship journey?**

I would like Efeng Batch to assist my Entrepreneurship journey by helping me grow and nurture my business trough its partners and community, and learn how to responsibly give back to the community.

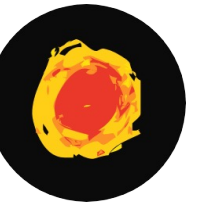

**How do you #ServeLikeMadiba?**

I talk to men in my residence and community about their views on male role in society and how we can diverge from the dreadful legacy left by our predecessors so that we can leave strong family lineages that will continue to build generational wealth. I also talk to men about the significance of playing role in actively being in a child's life and how to denature patriarchy that undermines Women in traditional African culture while still holding African values like Ubuntu close to heart

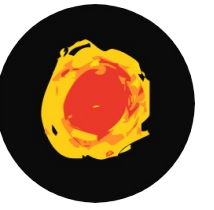

**As a #legacyleader, what is your advice to the children and youth of our nation?**

Let us all strive to leave significant generational legacies for coming generations.

**What is the legacy you hope to leave one day?**

I will help leave a financially sound and stronger Africa for the coming generations.

**What is your favourite Nelson Mandela quote?**

"A good head and a good heart are always a formidable combination."
